Professional Summary

Results-oriented leader with extensive experience in education and economic development. At Stars College High Schools, innovative pedagogical approaches increased university acceptance rates by 93% over three years. As President of the Lebanese Economic Union, initiatives fostered numerous new startups across diverse sectors, creating jobs and strengthening international business collaborations.

Leadership & Strategic Initiatives

I. Leadership & Strategic Initiatives

- **Enhanced International Collaboration:** Represented Lebanon in educational initiatives with South Korea, France, and Italy, fostering exchange programs and joint projects that elevated Lebanon's international profile.
- **Forged Strategic Partnerships:** Facilitated collaborations between educational institutions and international organizations such as IB and Cognia, providing specialized training programs for students.
- **Attracting Investments:** Secured investments through strategic participation in international events such as the "Virtual reality conference" (France, February 2018).

- **Addressing Educational Challenges:** Developed and implemented a remedial education program for students facing academic setbacks due to the COVID-19 pandemic, reducing the achievement gap by 40% in Stars College High Schools.

II. Management & Institutional Development

- **Building High-Performing Teams:** Trained and developed with over 260 teachers and administrators across various institutions, resulting in a 35% improvement in institutional performance (based on Cognia evaluation tools).
- **Fostering a Culture of Excellence:** Designed an innovative incentive program at the Lebanese Economic Union that increased employee productivity by 50%, and help to open more than 15 Startup companies
- **Enhancing Institutional Innovation:** Implemented a comprehensive electronic management system across institutions, reducing financial waste by 20% and improving operational efficiency.

III. Community Engagement & Impact

- **Strengthened Community Trust:** Organized awareness campaigns and workshops promoting public trust in educational institutions and effective technology use in education (March 2024). Supported the founding educational conference of the Islamic University in Lebanon (2014). Over 20 workshops benefitted more than 1,000 individuals.
- **Civil Society Alliances:** Coordinated the "Education for All" initiative with 2 public schools (Al Bayada and Deramis), providing free IT training for 65 teachers in 2021.
- **Promoting Environmental Sustainability:** Led the "Green Footprint" project, planting 150 trees in collaboration with Abbasiyeh and Tyre Municipalities, raising environmental awareness.
- **Youth Empowerment Initiatives:** Contributed to youth development through opening Incubator offices at Stars College.

IV. Technology Integration in Education

- **Digital Transformation of Institutions:** Implemented the "Smart School" system at Stars College High Schools, connecting students, teachers, and parents via a unified platform, improving communication by 60%.
- **Connecting Education with Heritage:** Organized the annual "Our Heritage, Our Identity" festival at Stars College, exposing students to diverse cultures through interactive workshops and events.
